

A series of educational sessions will be held over a two week period
5th - 15th October 2020

RENAL UNIT REGISTRATION

Renal Departments can register **all** team members for just £100. For registration purposes, membership of a renal service includes members of academic (University) renal departments who do not have an NHS contract. They can register for attendance through identifying their local renal unit.

All members of a renal unit wishing to attend UKKW should register themselves using these 3 steps:

1 - Click on the link below to register, adding in your contact details

2 - Select **Renal Department Registration** and when asked, identify your unit from the drop down list

3 - Confirm with your manager who is the correct person to name as the 'billing contact' for your renal unit. UKKW will contact them with regards to the £100 payment for your unit.

Please note: You will not be charged at the time of registration and only one invoice will be sent to each unit for payment.
